Manufacturing overhead costs (MOH cost) are all manufacturing costs that are related to the cost object (work in process and then finished goods) but cannot be traced to that cost object in an economically feasible way.. Examples include supplies, indirect materials such as lubricants, indirect manufacturing labor such as plant maintenance and cleaning labor, plant rent, plant insurance ...

In industry, product lifecycle management (PLM) is the process of managing the entire lifecycle of a product from inception, through engineering design and manufacture, to service and disposal of manufactured products. PLM integrates people, data, processes and business systems and provides a product information backbone for companies and their extended enterprise.

3 With regard to the institutional framework of South African insolvency law, South Africa does not at present have specialised insolvency courts. The High Courts in general deal with insolvency matters, and play their part both in applying and developing the law through case law. During the late 1990s a high-level Commission of Inquiry, the Hoexter Commission, rejected proposals for ...
