An AngloZionist attack on Syria appears to be inevitable and imminent. There is always a chance of a major pushback from some putative mentally sane, realistic and patriotic generals in the Pentagon, but I am not holding my breath (I asked two of my best informed friends about that, they both told me to forget about it).

Group decision-making (also known as collaborative decision-making) is a situation faced when individuals collectively make a choice from the alternatives before them. The decision is then no longer attributable to any single individual who is a member of the group. This is because all the individuals and social group processes such as social influence contribute to the outcome.

Archaeopteryx is a genus of theropod dinosaur closely related to the birds. Since the late 19th century, it has been accepted by palaeontologists, and celebrated in lay reference works, as being the oldest known bird, though a study in 2011 has cast doubt on this assessment, suggesting instead that it is a non-avian dinosaur closely related to the origin of birds.
