This may come as a surprise, but I'm a supporter of "safe spaces." I support safe spaces because I support freedom of association. Safe spaces, if designed in a principled way, are just an application of that freedom. In short, I support people creating "safe spaces" as a shield by exercising their ...

Space is the boundless three-dimensional extent in which objects and events have relative position and direction. Physical space is often conceived in three linear dimensions, although modern physicists usually consider it, with time, to be part of a boundless four-dimensional continuum known as spacetime. The concept of space is considered to be of fundamental importance to an understanding of ...
